On Tuesday, Aug 27th he will be teaching us on the DBS method (6:30-8:30pm/Fireside Room) and on Wednesday, Aug 28th (6:30-8:30pm/Fireside Room) he will be equipping us on the bigger picture of how movements are created by average, everyday followers of Jesus! DISCIPLE MAKING MOVEMENTS

begin with a holy longing to

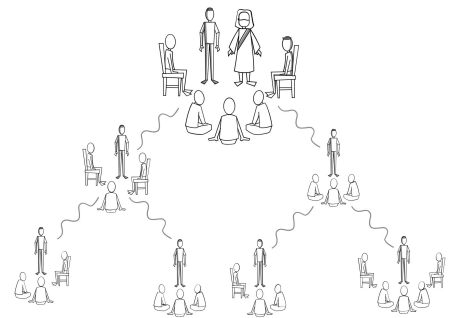

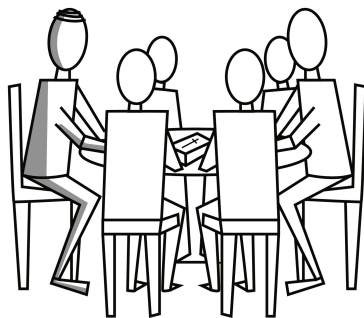

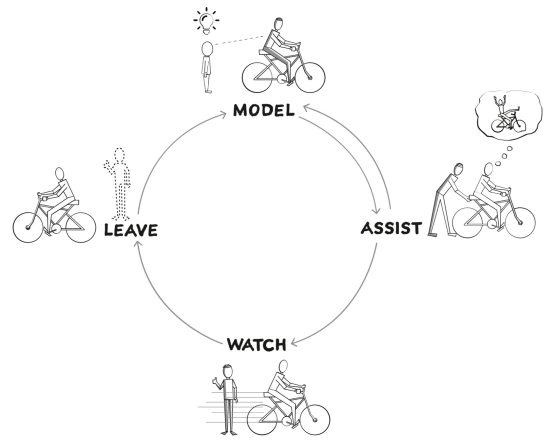

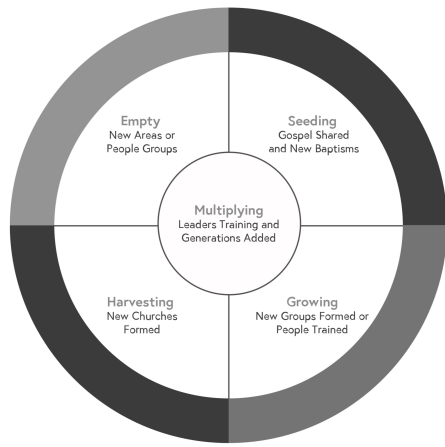

... become a disciple worth multiplying

... who does so in community with others

... helping others do the same

MAKING THE SHIFT TO MULTIPLICATION

equipping the priesthood of all believers

Biblical Principles often get painted over with cultural traditions. Every generation needs to come back to God's Kingdom targets and the model that Jesus set for His disciples as seen in the scriptures.

- Go to the lost, sow the gospel, grow as believers, gather in fellowships, oversee multiplication.
- Follow the simple training cycle pattern of Jesus to comprehensively equip disciple makers.

Fruitful Strategies like Discovery Bible Studies have proven themselves around the world with slight adaptations for different cultures and settings.

- The simple patterns create frequent and regular accountability for both obeying what the Lord is speaking to each person and for them to pass it on to others in a loving environment.
- This participative small-group approach can be used for evangelism, training, and even the formation of new simple churches. The patterns embed the DNA of a healthy disciple and church.

Simple Tools can be passed along, adapted or even created through the ongoing mentoring and peer coaching groups that are inherent in the strategy of this expanding global relational network.

- Because we're collaborating as God's Kingdom partners, we freely receive and freely give.
